

## Retraction Notice

The paper "On the positive correlations in Wiener space via fractional calculus" by T. Guendouzi which appeared in Int. Math. Forum, Vol. 5, 2010, no. 61-64, 3193-3201 is essentially identical to the paper with the same title and by the same author which appeared in Acta Univ. Sapientiae, Math. 2, No. 2, 206-214 (2010) and General Mathematics 19(2) (2011), 73-80 and for this reason is retracted from International Mathematical Forum.

**Received: January, 2012**
